

Workshop on: Scientific Writing

May 14-16, 2019

Institut Pasteur de Tunis

OBJECTIVES

- To promote scientific writing skills among young academics and researchers
- To familiarize participants with contemporary matters related to scientific writing.

EXPECTED OUTCOMES

- To improve the quality of scientific writing by young health professionals, this could result in better scientific articles.
- To increase the understanding of young scientific writers regarding the processes involved in submission as well as publication of manuscripts.
- To gain practical experience in writing scientific articles.

FACILITATOR

Prof. Mary Monica Christopher (Pr. at California-Davis School of Veterinary Medicine and chef editor of scientific journals)

CAPACITY

The workshop can accommodate between 20-25 participants.

REGISTRATION FEES

There will be no registration fees for participants.
